WELCOME!

Welcome to the Faculty of Social sciences. The PhD Students’ Network (ReD), in collaboration with the administration, has put together this document: organized in several sheets, it provides all the practical information for a smooth start in your doctorate.

TABLE OF CONTENT

| Sheet 1: First things first | P 2   |
| Sheet 2: Money issues     | P 10  |
| Sheet 3: Enjoy Liège and ULiège | P 14 |
| Sheet 4: Travel for work and posters | P 16 |
| Sheet 5: International students: Welcome to the Ardent City! | P 18 |
1 | FIRST THINGS FIRST

For a general overview of the PhD, please visit the dedicated Faculty webpage [here](#). For more information on the PhD Students Network, take a look at [this site](#).

**GENERAL MODALITIES**

- Ask for your new “u”*¹ account and email address on the University website. You will receive an internal letter containing your new information. In the following pages, we will specify when it will be necessary to use the “s” (student) account and the “u” (employee) account on MyULiège: these two statuses give access to different online resources.
- Complete your profile via MyULiège “u”: Personnel > Edition de mon profil.
- Ask the keys of your office to Patricia Stoquart (B.31 – level 0).
- To have your name associated with your office telephone number, make a request to SEGI using the form you will find [here](#) (Telephony (via SAM) > request form). At ULiège all numbers have the same format: 04/366.xx.xx; for internal calls (from landline to landline at ULiège), all you have to do is enter the last 4 digits of the number.
  ✨ To make a call outside the university, add a 0 before dialing the full number.
- Get your ULiège badge (staff member card) by sending a request by email to helpacces@uliege.be or via the procedure explained [here](#) (follow this way to find it: MyULiège “u” > Personnel > ARH intranet > help and benefits for personnel > Badge). This badge is an electronic card that notably allows access to restricted access doors (secure laboratories, showers, meeting room, parking). These accesses are not automatic: you have to ask Patricia Stoquart so that she unblocks them (simply send her an email with your request to P.Stoquart@uliege.be).

¹ Your “s” account refers to PhD status (= s for student) and your “u” account to your ULiège employee status (u for university, gives access to all the advantages offered by university as the Dox server, the VPN access, personnel forms and resources).
• Following your registration, you will normally receive a **student card**. It must be activated online [here](#) (follow this way to find it via MyULiège "s" > My info > My card. In the event of a problem, contact the **registration service**. Discover the advantages offered by the student card [here](#).

• If you can have one (only for TAs), you will receive an email about your meal voucher and receive your **Edenred card** by post.

• In our faculty, the following **services** and **rooms** are made available to staff: showers (-2, right wing, restricted access via badge), parking (restricted access via badge), kitchen (+1, left wing, behind the apparitorat and mail room), a meeting room (1.48, left wing next to the apparatus, reservation by time slot via the sheet hung on the door), a meeting room / relaxation room called “faculty” (+3, right wing, stairs to the left after the law apparitorat), internal mail (to send: box located at +1, left wing, under the main hall; to receive: mailroom at +1, left wing, behind the apparitorat), photocopier which works with a code by department (in the mail room, ask your manager for your code).

• The person you need to contact to **book a room** in the building (for a meeting, a class…) is Patricia Stoquart for a meeting (office at the level of the law apparitorat), except if the meeting takes place in room 1.48 of the FaSS (sheet on the door) or Sofia Lothe for a course (office at the level of the social sciences apparitorat at +1). To book a room in another building, you must contact the responsible person, all the information to find who to contact may be found [here](#).

---

**A FEW TOOLS**

---

**MAILBOXES**

All doctoral students registered at ULiège have access to an "s" **identifier** and an "u" **identifier**, as well as to two **mailboxes** corresponding to these two identifiers. The advantage of the "u" mailbox is that the student status is no longer mentioned in the address, it is a business mail address.

**How to create and manage your "u" mailbox?**
1. Connect to MyULiège with the username “u” and the password received.
2. Create your @uliege.be email address. You now have access to more services and you are recognized as a member of ULiège staff: you are part of the institutional directory, you can request a badge, etc.
3. To change your password: on MyULiège staff portal, go to the “My services” tab, then to “Change my intranet password”.
4. To reconnect to MyULiège student: disconnect from MyULiège staff portal (“Exit MyULiège” > “change identification” tab) and reconnect to MyULiège student with your "s" username and your usual password.
5. Communications made to doctoral students concerning their doctoral studies are sent only to the Student address. It is therefore imperative to redirect this address to another if it is not consulted regularly. To redirect the mails received in one mailbox to the other: open the mailbox that you don’t want to use regularly, go to Preferences > mail > in the "section receipt of emails", enter your new @uliege.be address in the box “Arrival of an email: forward a copy to”. You can check the box “delete the local copy of the mail”. Thus, emails sent to the address you are not using will be redirected to the other mailbox (@uliege.be or student) and will not be stored unnecessarily. /
   SAVE the modifications by clicking on the button at the top left!
6. So that all your archived emails are also transferred: go to Preferences > Import / Export > Export. All received and sent emails, contacts, calendars are downloaded to your computer (note where the file is saved). It may take time, patience. Then reconnect to your “definitive” mailbox, go to Preferences > Import / Export > “Browse” to find the file you just downloaded and click on “Import”. /
   Don’t leave the page as long as the “Import” button is grayed out! A message will appear when the import is successful. Record with the button at the top left.
7. Here we are! All your emails are now centralized in a single box. Remember to sort and empty the trash regularly for the environment! No matter which final address you choose, all of your addresses (@uliege; @student or @doct) still work, so no problem if you signed up on a site or mailing list with these addresses.
8. The mailbox also has a “calendar” tool that can be shared with your promoter and other members of ULiège (a more secure tool than Google Calendar).

- THE STAFF DIRECTORY

The staff directory (”répertoire du personnel”) allows you to find the phone number, email address or workplace of an ULiège employee. To find it, go to MyULiège “u” > Personnel > Répertoire.
- **DoX**

**DoX** is an online file storage and sharing space. It is ULiège’s secure cloud. It can be very useful for backing up your work and files, or even sharing large files with your supervisor, thesis committee or any other colleague at the university. You will find the complete Segi presentation [here](#) and the link to the log in [there](#).

- **BELNET FILESENDER**

**Belnet Filesender** is a tool that allows you to send large files (too large for emails). Compared to other transfer applications, the advantage is that the files are quickly erased, so it is more secure. Access via MyULiège “u” > Mes services > Espace Disque Centralisé (EDC) > Echange de fichiers Merci, or via this [link](#).

- **VPN**

The **VPN** provides access to the secure university connection wherever you are. On the different sites of ULiège, the secure internet network allows access to certain resources (bibliographic resources, software licenses, etc.). By installing the VPN on your PC, it is possible to access these resources from your home (or the local cafe where you like to settle down to work …). This is a small piece of software that you install that can then be turned on and off. All practical information [here](#).

- **ULiège LIBRARY**

To support you in your **bibliographic research**, ULiège has an entire network of libraries and a series of services. If you are not familiar with these services, you will find a lot of information [here](#) (tutorials, training) and [there](#).

- **STAFF TRAINING**

Thanks to the status of staff members, doctoral students have access to **professional training** offered by ULiège in addition to the doctoral training specific to each faculty. They deal with various themes such as well-being at work, communication, accounting, knowledge of the institution, professional efficiency, etc.
For more information, all of these training courses are available here. Registrations are made on ULIS web: MyULiège “u” > Personnel > ULIS web > inscription aux formations.

For the assistants, IFRES training is also compulsory (10 half-days to be validated in two years for a full-time assistant). The terms are detailed here.

- LIFESIZE

For meetings and videoconferencing calls, ULiège provides access to the full version of Lifesize software. More information on this software and other video conferencing tools used for the courses here and answers to common practice questions here.

PHD SPECIFIC MODALITIES

- All information relating to the doctorate in Political and Social Sciences can be found on the website of the Faculty of Social Sciences > Portail des étudiants et des doctorants > Doctorat
- Your administrative file is on MyULiège: log in with your “s”> Gestion > Mon doctorat. You will have to add each activity of your doctoral training (see below) in the "activités" tab and your annual report in the "rapports" tab.
- Alexia Mainjot is the doctoral manager for the Faculty of Social Sciences. You can contact her for any questions at alexia.mainjot@uliege.be, 04/366.27.29, or go to her office which is at the FaSS secretariat, B.31, level +1, office 1/40.

ORGANIZE YOUR PHD

- IMPORTANT DATES

✓ Before April 30: Post the Annual report towards the committee (to upload on MyULiège) and encode the doctoral training activities you realized on MyULiège
Before May 31, if possible: Have your Thesis committee meeting

May 31: Promoters’ opinions encoded on MyULiege

June: Deliberation of the Doctoral College

[FRIA/FRESH] Before end of August (or at the scholarship renewal): Annual report of activities

[FNRS] At the end of each academic year (except the first year): Annual report of activities

- KEEP ON LEARNING: DOCTORAL TRAINING

In addition to your doctorate/PHD (which represents your research), you need to follow a doctoral training. This means you have to fulfill a total of 60 ECTS over all of your thesis years, split in three categories. Find suggestions and detailed information here.

Here is a list of valuable activities and their weight in number of credits:

| THEMATIC TRAINING | | |
|-------------------|------------------------|
| Courses and seminars organized within the framework of ED or equivalent accepted by CODOC | Regular course or seminar with evaluation | 1-5 |
| | Intensive seminar with active participation (preliminary readings ...) | 3-7 |
| | One-day seminar with passive assistance | 1 |

| TRANSVERSAL TRAINING | | |
|----------------------|------------------------|
| Stay outside ULg (min. 2 weeks) | 5-7 |
| General public communication (eg "My thesis in 180 sec.") | 2-3 |
| Training in research, ethics, epistemology, methodology | 1-5 |
| Didactic supervision (6 credits maximum in the course of the training) | 6 |
| Organization of a scientific event (conference, etc.), involvement in the ReD | 3-5 |

| SCIENTIFIC PRODUCTION | | |
|------------------------|------------------------|
| At least one article published (or submitted) as principal author in an international peer-reviewed journal | 5-10 |
At least one active participation in an international congress (poster or oral) | 3-5
---|---
Public presentation (e.g. department) of the advancement of the doctorate to a specialized audience | 3

Please note, the doctoral student cannot complete more than 30 credits in learning activities (course monitoring, doctoral school seminars, etc.).

**NEED HELP**

Do not hesitate to ask if you need help. Here is a list of useful contacts whose phone numbers and email addresses can be found in the ULiege directory (top right of the ULiege and FaSS websites):

<table>
<thead>
<tr>
<th>Contact Category</th>
<th>Contact Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dean of the Faculty</td>
<td>Frédéric Schoenaers</td>
</tr>
<tr>
<td>Administrative manager for PhD students</td>
<td>Alexia Mainjot</td>
</tr>

</table>

\(^2\) All the useful contacts for the FNRS can be found on the [FNRS page](#) > Finances and Personnel > Contacts.
2 | MONEY ISSUES

What is your social status as a PhD? What can you be refunded for? Everything is revealed below.

💰 EXPENSES IN GENERAL

When you need to incur costs, two scenarios are possible.

• When possible (or mandatory as the case may be), it is possible to invoice suppliers directly to the institution. Usually, you will have to ask your executive secretary to generate a "SAP voucher" which will allow the supplier to be paid by the institution afterwards (a restaurant, for example). For certain expenses, it is compulsory to go through public contracts (see CESAME intranet) set annually by the university. You will then have to go through your executive secretary again. It is the case for laptops! For scholarship holders, it is also important to note that the purchase of a laptop can only be done during the 1st year of the scholarship. To buy plane tickets to a non-European country, you must also go through the executive secretariat.

• If, on the other hand, you incur expenses in the context of your research but you advance the costs, you will have to return a “note de frais” or “note de débours” to the person responsible for the account concerned to be reimbursed (executive secretary of your department or HR manager of your OTP). Fill in this Excel file referred to as either Note de frais (FNRS/FRIA/FRESH) or Note de débours (TA), to be refunded of your work-related expenses. This form is available via MyULiège "u" > Finances > Procédures et Formulaires > Engagement de frais > Note de débours/de frais - Procédures et formulaires > click on the link Note de débours/note de frais > Click on the link Formulaire pour windows ou pour mac/linux to download. To easily find this form again, keep a blank copy in an easy-to-access folder on your PC! The file looks like this:
An online procedure is now also available! You will find the form here (MyULiège "u"> Finances > Intranet ARF > Engagement de frais > Notes de débours électroniques). More practical information (help, training) on this page.

You can also find information on all matters relating to finance on the FaSS Staff Intranet on the FaSS website (top right).

📝 OTP

Your OTP is like a bank account, managed by the University and funded by either your grant (FNRS/FRIA/FRESH) or by the University (TA). Check Sheet 1 - “First things first” to know who to contact in case of questions.

📊 SOCIAL STATUS

Whatever your funding is, you are considered as a worker. Your employer is either the fnrs/fria or the university. This has the following consequences:

1) You are considered as financially independent. Your parents are not eligible for family benefits anymore.
2) You must be registered in a health mutual (see sheet 5 - “welcome to the ardent city”).

3) Good news! You are already saving money for your old days (ONSS contributions). You also have the right to a holiday pay, paid days off, insurance in the event of a problem... For assistants, the information is available in MyULiège (“u” version) personnel > intranet ARH. For FNRS scholars, information and forms are available here.

💡 Assistants pay taxes so you can get tax returns (ask your secretary) and also get a holiday allowance. Fill in the form at the end of the academic year.

**MOBILITY AT ULiÈGE**

Good news: ULiège encourages you to use your car less by contributing to your commuting expenses! You can find a summary of all the options here.

- **TRAIN & BUS**
  - [TA and doctoral grant (! not FRIA/FNRS/FRESH)] University provides full refund for train and bus pass or subscription. All the necessary information and forms are available here.
  - [FNRS/FRIA/FRESH] You can get 75% refunded if the distance between your home and the University is more than 5 km. See the conditions here and send the request to Sylviane Ippersiel (Management of scientific staff remuneration, [FNRS]).

- **BIKE**
  - ULiège by bike? Everything you need to know here.
  - You can get 0.24€/km refund if you bike to uni!
    - [TA/university member] All necessary information and forms are available here.
    - [FNRS/FRIA/FRESH] Fill this form and send it to Sylviane Ippersiel (Management of scientific staff remuneration, [FNRS]).
Afraid to bike to the Sart-Tilman? You can try an electric bike during one month (contact Maryse Jadoul).

You don’t have a bike? The bus company (TEC) rents foldable bikes with CycloTEC.

- **CAR-SHARING**

  The university has its own car-sharing platform called UGo.
Want to know what's up in the university? Find here a non-exhaustive list of nice activities organized all year long!

### Autumn

- **September**
  - Rentrée académique: authorities and professors put on their most beautiful dresses, appoint new honorary doctors and launch the school year.
  - Retrouvailles: festival of leisure and associative activities (first weekend of September at the Boverie park, 1er week-end de septembre au parc de la Boverie)
  - Nuit des coteaux: lights festival Rue Pierreuse (end of September)

- **October**
  - Unifestival: Concerts, bars and many activities organized on the Sart Tilman campus
  - Welcome drink for new doctoral students organized by the ReD relays
  - "Let's start a PhD" seminar. More info here.
  - October fair

- **November**
  - PhD’s Brunch organized by the ReD

### Winter

- **December**
  - Cheese meal for FaSS staff
  - Christmas markets (Place St Lambert, Place du Marché et Place Cathédrale)
- **JANUARY**
  - PhD Day organized by the ReD

- **SPRING**

- **FEBRUARY OR MARCH**
  - Business evening of the FaSS

- **SUMMER**

- **JUNE**
  - Jogging on the campus and science park (ELA jogging)
  - Doc’trail & barbecue organized by the ReD
  - End-of-year meal for FaSS staff
  - Summer festivals: Les Ardentes, Dour, Werchter, Food festival place St Lambert

- **ALL-THE-YEAR-LONG**
  - Afterworks and small events organized by the ReD
  - Work meetings, mutual assistance and seminars for doctoral students by doctoral students
  - Interdisciplinary faculty seminar
  - Ma thèse en 180 secondes
  - Exhibition space at Guillemins station
  - Boverie museum

Do not hesitate to ask your research unit to be informed of their own seminar.
4 | TRAVEL FOR WORK & POSTERS

Being a PhD allows you to travel the world for conferences and courses. Organize your trip with our advice.

🌟 FUNDING & SUPPORT POSSIBILITIES

Get a summary of all the possibilities related to your International mobility page [here](#). General contact for related questions is Pascale Foguenne (ARD – Executive secretary [ULiège]).

- **INTERNAL SUPPORT (ULiège)**
  - University can help you cover your fees:
    - For conferences/seminars: you can get 400€ (congress in Europe) or 600€ (outside Europe). Apply via myULiège on MoDUS (see a guide [here](#)).
    - For a part of your doctoral training abroad: information [here](#).
  - If needed, your lab and your department might help you to contribute to your trip expenses.

- **EXTERNAL SUPPORT**
  - Euraxess is an European initiative providing support to researchers: information [here](#).
  - Various organizations open calls for travel grants each year: consult the ARES, FWB and WBI websites regularly and check your emails so as not to miss these calls.
  - FNRS (even if you are FRIA/FRESH) can refund your travel expenses. Apply in Semaphore (> submit an application > Mobility and Congress funding).

💡 POSTER PRINTING

Find the procedure [here](#) & [here](#). Plan in advance: maximum printing delay is 24 hours.
BEFORE YOUR STAY

• **Book** your transport ticket and accommodation: favor the train instead of plane & book your ticket by yourself (in Europe) or ask your travel responsible (outside Europe). For trips outside Europe, the reservation must be made via order form (contact Christine Goffinet).

• /!/\ **Notify** your travel. This ensures that you are still covered by your work **insurance**.
  - [TA/FNRS/FRIA/FRESH (everyone)] Notify in myULiège > Personnel > Modus > Nouvelle mission.
  - [FNRS/FRIA/FRESH] Notify in your e-space > Travel abroad > Notify a new travel abroad.

DURING YOUR STAY

• Keep all your receipts (transport tickets included), and save your bank transfers.

AFTER YOUR STAY

• Manage your **reimbursements** via Note de frais or Note de débours (see **Sheet 2**). If you have received money from the University or external supports, ask your secretary which specific OTP to provide.

• Add your abstract/conference paper to **MyOrbi**: MyULiege > Mes services > MyORBi
5 | INTERNATIONAL STUDENTS: WELCOME TO THE ARDENT CITY

Just arrived in Liège? Find here some basic information related to everyday-life in order to survive your first months! You can also have a look at the official website of Liège.

🚑 HEALTH

The Belgian health system works with mutualités. Here are a few examples for a general health insurance: Mutualité Chrétienne, Mutualité Libre, Solidaris, Mutualité Neutre, Omnimut, Partenamut.

💡 With ULiège, you can ask for an hospital insurance from Ethias (in complement of the general health insurance) and obtain a preferential price by contacting the staff social service (service.social.personnel@uliege.be). The form to fill is available here (also valid for FNRS/FRIA/FRESH).

💰 FINANCE

To open a new account, banks ask you to provide a Belgian ID. For non-Belgian, you need to provide a ‘proof of citizenship’ from the city council. This proof is called “Annex 33” and the procedure is available here. Here a few ideas of Belgian banks: ING, BNP Paribas Fortis, Belfius.

🏡 ACCOMMODATION

- Detailed information about accommodations and hotels in Liège is available here.
- Note that:
  - You need home insurance (e.g. contact Ethias).
  - Organizing accommodation is mainly by phone. Therefore, if you don’t speak french, you might have to rely on someone else who does speak french.
- The contracts are (mostly) for three years. However, this doesn’t mean that you really have to live there for three years; you’re still able to occupy the accommodation for less than three years, carefully check your lease about this point.

**LOCAL BUSINESSES**

New to the city and still don’t know where to shop? Here are some examples of stores where you can find **sustainable products**:  
- **La Batte** (Sunday market) along the Meuse  
- **L’Entrepot** (Bulk food store in Liège)  
- **Les Petits Producteurs** (in the following neighborhoods: Vennes, Center, Citadelle)  
- **Al’Binète** (Liège)  
- **Au vert’G** (Boncelles)  
- **Point ferme** (3 distribution points in ULiège)

**Life on the Campus**

- **Food**  
  - Cafétéria of ULiège are listed [here](#).  
  - **Poivre & Sel** (sandwiches and salads)  
  - **Baguette Magique** (Fries or sandwiches)  
  - **Soeurs-saveurs** (Boncelles, 10min by bike from University)

  There are several **bookstores** around the campus.  
  The university **sport center** is the **RCAE**. More information about sports, culture and hobbies are available [here](#).

- **Transport**  
  - Bike: To buy/rent (Decathlon, bicycle shop on campus (in front of B7a building), **Provelo**). See also [infos & routes](#).
- **Bus**: TEC lines 48 (from Opéra) and 58 (from Gare des Guillemins).
- **On foot**: it takes a long time to come to Sart Tilman by foot. But once on campus, footpaths effectively connect the buildings.
- **Car sharing and carpooling apps** (in case of Bus strike for example): Cambio, **UGo** (car sharing platform of ULiège), **Blablacar** (longer trips), **Victor**

More information about mobility in Liège available [here](#).

---

**TRAVELING IN LIÈGE & IN BELGIUM**

- **Bus**: ticket (2€) or card by month (37€/month) or year (320€). Find all the information on the TEC website.
- **Train**: 1 trip (<26yo: “Go pass 1 (-26)” | 6.60€, >26yo: Standard ticket) or several trips (<26yo: “Go pass 10” | 53€ /10 tickets, >26yo: “Rail Pass” | 83€ /10 tickets).
- **Commuting to/from the airport:**
  - Charleroi: Flibco, Charlie Shuttle
  - Zaventem: Train + “Diablo” fee (tax to enter airport ~6€)
  - Other nearby airports: Eindhoven, Cologne, Amsterdam
